OFFICE OF PETITIONS

In re Application of :
He et al. :
Application Number: 10/579597 : ON PETITION
Filing Date: 05/17/2006 :
Attorney Docket Number: OCT 001 :

This is a decision on the "REQUEST TO WITHDRAW THE HOLDING OF ABANDONMENT UNDER 37 CFR 1.181," filed on June 19, 2008, which is treated as a petition to withdraw the holding of abandonment.

The petition is **DISMISSED**.

This application became abandoned on February 21, 2008, for failure to timely submit the issue and publication fees in response to the Notice of Allowance and Fee(s) Due mailed on November 20, 2007, which set a three (3) month statutory period for reply. On February 21, 2008, the issue and publication fees were filed. On March 18, 2008, a Notice of Abandonment was mailed, stating that the fees had been received after the expiration of the statutory period for their payment. A letter was filed on April 2, 2008, and a decision in response to the letter was mailed on June 9, 2008.

The subject petition, signed by all of the inventors, was filed on June 19, 2008. Petitioners assert that the fees were timely filed on February 14, 2008, and have presented a priority mail signature confirmation sheet allegedly showing that the fee payment was mailed on February 14, 2008.

The U.S. Patent and Trademark Office (Office) file is the official record of the papers filed in this application. A review of the papers filed reveals that no reply to the Notice of Allowance and Fee(s) Due mailed on November 20, 2007, was timely received in the USPTO. Rather, the showing of record is that

the fee payment was filed on February 21, 2008, which is after the due date for reply. An applicant alleging that a paper was timely filed in the Office and later misplaced has the burden of proving the allegation by a preponderance of the evidence. The fact that petitioner believes that the reply was (or should have been) timely received in the Office, is not more persuasive than the date the papers are shown to have been received in the official file.

In this regard, it is noted that there is no provision in the rules or statutes for according the date that a paper is deposited in the USPS as certified or priority mail as date the paper is filed in the Office.

Further, in this regard, petitioners could have utilized the Certificate of Mailing procedure described at 37 CFR 1.8. Had petitioners properly followed the aforementioned procedure, petitioner could have avoided the predicament which has now arisen. It is petitioner's burden to supply, under the rules of practice, sufficient evidence to establish that the reply asserted to have been deposited with the U.S. Postal Service on February 14, 2008, was actually entrusted to the U.S. Postal Service on that date. See Krahm v. Comm'r, 15 USPQ2d 1823, 1825 (D.C. E.D. Va. 1990). At best, the showing of record reveals petitioners' intent to timely reply to the Notice of Allowance and Fee(s) Due.

As petitioners have not provided persuasive evidence that that the issue and publication fee payment was timely filed, the petition must be dismissed.

ALTERNATIVE VENUE

Petitioners may wish to consider filing a renewed petition under 37 CFR 1.137(b), which now provides that where the delay in reply was unintentional, a petition may be filed to revive an abandoned application or a lapsed patent pursuant to 37 CFR 1.137(b). A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by:

(1) the required reply, unless previously filed. In a nonprovisional application abandoned for failure to prosecute, the required reply may be met by the filing of a continuing application. In a nonprovisional utility or plant application filed on or after 8 June, 1995, and abandoned for failure to prosecute, the required reply may also be met by the filing of a request for continued examination in compliance with § 1.114. In

an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof, the required reply must be the payment of the issue fee or any outstanding balance thereof. In an application, abandoned for failure to pay the publication fee, the required reply must include payment of the publication fee.

(2) the petition fee as set forth in 37 CFR 1.17(m);

(3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. The Director may require additional information where there is a question whether the delay was unintentional; and

(4) any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required pursuant to 37 CFR 1.137(c)).

The filing of a petition under the unintentional standard cannot be intentionally delayed and therefore should be filed promptly. A person seeking revival due to unintentional delay cannot make a statement that the delay was unintentional unless the entire delay, including the delay from the date it was discovered that the application was abandoned until the filing of the petition to revive under 37 CFR 1.137(b), was unintentional. A statement that the delay was unintentional is not appropriate if petitioners intentionally delayed the filing of a petition for revival under 37 CFR 1.137(b).

Should petitioners decide to file a petition under 37 CFR 1.137(b), a petition fee of \$770.00 (small entity) (or \$1,540.00 if petitioners no longer qualify for small entity status) will be due.

A copy of the form for filing a petition under 37 CFR 1.137(b) to revive an application unintentionally abandoned is enclosed herewith for petitioners' convenience.

Any request for reconsideration must be filed within **TWO MONTHS** of the date of this decision. **This period may not be extended.**¹
